# FINISH THE CIRCLE

from fear to faith

What do you want right now?

---

---

---

What is your goal's corresponding emotion?

---

---

---

---

What does your body feel like when you imagine the fulfilling your goal?

---

---

---

---

How would this serve the universe?

---

---

---

---

What is your block?

---

---

---

---

# FINISH THE CIRCLE

fear=faith

The equals sign is not necessarily an equation but a digital illustration of the bridge that connects the two. We finish the circle by taking our action out into the world and thereby transmuting the fear into whatever emotion is created and changing the energy wave that was unleashed who knows when by who knows who when picked up by you.

Fears:
